

# ULINE H-7133 RETAIL UTILITY CART

1-800-295-5510  
uline.com

## TOOL NEEDED

Rubber Mallet

## PARTS

Locking Caster x 2

Caster x 2

Clevis Pin x 4

Cotter Pin x 4

Drop Leaves x 2  
(Ships unassembled  
from frame)

Cart Frame x 1  
(Key located inside drawer)

## ASSEMBLY

1. Turn cart upside down. Install casters using rubber mallet. (See Figure 1)

 **NOTE:** Do not pull rings or adjust leg extension until casters are completely installed.

 **NOTE:** Locking casters to be located on front side of cart. Front of cart is identified as side with locking drawer.

3. To adjust height of each leg, pull spring loaded pin with pull ring and slide leg up or down. Release spring loaded pin to lock leg in place. (See Figure 2)

 **NOTE:** Be sure all leg extensions are at the same height.

4. To install drop leaf, align slots in hinge arms with holes in mounting brackets. Insert clevis pins through hinged brackets. (See Figure 3)
5. Insert cotter pins all the way through clevis pins with loop end of cotter pins facing upwards. (See Figure 4)

# CARRITO UTILITARIO PARA MENUDEO

01-800-295-5510

uline.mx

## HERRAMIENTA NECESARIA

Mazo de Caucho

## PARTES

2 Ruedas Giratorias  
con Freno

2 Ruedas

4 Pernos  
de Leva

4 Pasadores  
de Leva

2 Tablas Abatibles  
(Se envían sin ensamblar  
del armazón)

1 Armazón del Carrito  
(La llave se localiza  
dentro del cajón)

## ENSAMBLE

1. Voltee el carrito hacia abajo. Instale las ruedas utilizando el mazo de caucho. (Vea Diagrama 1)

 **NOTA:** No jale los anillos ni ajuste la extensión de las patas hasta que las ruedas estén completamente instaladas.

 **NOTA:** Las ruedas con seguro van localizadas en la parte delantera del carrito. La parte delantera del carrito está identificada por tener el cajón con llave.

libere el pasador de resorte. (Vea Diagrama 2)

 **NOTA:** Asegúrese de que todas las extensiones de las patas estén a la misma altura.

4. Para instalar las mesas abatibles, alinee las ranuras en los brazos de las bisagras con los orificios de los soportes de instalación. Inserte pernos de leva a través de los soportes de las bisagras. (Vea Diagrama 3)

5. Inserte completamente los pasadores de leva a través de los pernos de leva, quedando el extremo curvado de los pasadores hacia arriba. (Vea Diagrama 4)

## OUTIL REQUIS

Maillet en  
caoutchouc

## PIÈCES

Roulette verrouillable x 2

Roulette x 2

Axe de chape x 4

Goupille fendue x 4

Abattant x 2  
(Expédié non  
assemblé au cadre)

Cadre de chariot x 1  
(Clé située à l'intérieur  
du tiroir)

## MONTAGE

1. Retournez le chariot à l'envers. Installez les roulettes en utilisant un maillet en caoutchouc. (Voir Figure 1)

 **REMARQUE :** Ne tirez pas sur les anneaux et ne réglez pas la rallonge des pieds tant que les roulettes ne sont pas complètement installées.

 **REMARQUE :** Les roulettes verrouillables doivent être situées à l'avant du chariot. L'avant du chariot est défini comme le côté ayant un tiroir de verrouillage.

2. Retournez la table à l'endroit.
3. Pour ajuster la hauteur de chaque pied, tirez la goupille à ressort par l'anneau de traction et faites glisser le pied vers le haut ou vers le bas. Lâchez

la goupille à ressort pour verrouiller le pied en place. (Voir Figure 2)

 **REMARQUE :** Assurez-vous que toutes les rallonges de pieds sont de la même hauteur.

4. Pour installer l'abattant, alignez les fentes des bras d'articulation avec les trous des supports de montage. Insérez les axes de chape à travers les supports à charnières. (Voir Figure 3)
5. Insérez les goupilles fendues à travers les axes de chape, avec l'extrémité en boucle orientée vers le haut. (Voir Figure 4)
